STRATEGIC MANAGEMENT • P & L ACCOUNTABILITY

The first time I met Mr. Nwede, we at Operation HOPE, Inc. had just embarked on our HOPE Banking Center/Cyber Café program. We entrusted the realization of our vision to Mr. Nwede. As a non-profit, we were working with a rigid budget and an extremely tight timeframe. We had to have our first Cyber Cafe operational in time for a dedication event with the then Vice President, the Honorable Al Gore. We had less than four weeks from concept to dedication to accomplish this task. Mr. Nwede quickly assembled a team of architects, engineers and contractors to meet these goals. Mr. Nwede exceeded all of our expectations and delivered the project within our budget and in time for the dedication event.
